ABOUT ME

Full-Stack Developer (MERN / Next.js) with experience building and deploying production web apps. Skilled in TypeScript, React, Node.js, Express, MongoDB, Tailwind CSS, and Firebase. Delivered secure auth, email verification, and automated workflows with JWT, Nodemailer, and Puppeteer.

EXPERIENCE

BoomX Media

Front-End Developer
Jun 2025 — Present

- Built and optimized responsive email templates and landing pages using HTML, CSS, and Tailwind; reduced template production time by ~40% and improved campaign rendering consistency.
- Achieved 40% product revenue growth in three months by planning and launching four new key features
- Converted Figma designs into pixel-perfect layouts, maintaining design accuracy, accessibility, and performance.
- Contributed to React-based marketing pages, improving component reusability and delivery speed.

MyAppBroker

Front-End Developer
Jan — Mar 2025

- Designed and developed a responsive consultancy platform with React and Tailwind; enabled automated lead capture that increased form submissions by ~30%
- Implemented modern UI elements with **Icons** and reusable components for scalability and consistent design.
- Integrated **Firebase auth** and form handling to ensure secure lead submissions and reliable performance.

PROJECTS

Chat App
Sep 2025

- Built a full-stack real-time chat platform using **Next.js, TypeScript, Convex,** and **Stream SDK,** featuring instant messaging, **video calls**, **authentication via Clerk**, and responsive UI with Tailwind CSS.
- Integrated Stream Chat and Video SDKs **for low-latency messaging**, **channel management**, and live communication experiences.
- Utilized Convex backend for serverless data handling and state synchronization across chat sessions.

E-Commerce – matural.shop
Mar — May 2025

- Built a full-stack e-commerce platform using **React, Node.js, Express, MongoDB, and Tailwind CSS**, with JWT authentication, mail verification, routing, and responsive UI optimized for speed and performance
- Implemented **Stripe** payments with secure checkout and webhook handling for reliable transactions.
- Integrated **Cloudinary** for image upload, storage, and optimization to maintain fast load times and visual consistency.

TECHNICAL SKILLS

- Languages: **JavaScript** (ES6+), **TypeScript**, HTML5, CSS3, C++.
- Frontend: React.js, **Next.js**, Tailwind CSS, Redux, Responsive Design, **GSAP,** React Router,
- Backend & Cloud: **Node.js**, Express.js, MongoDB, Firebase **Cloudinary**, JWT, RESTful APIs
- Tools & Deployment: Git, **GitHub**, Postman, Vercel, **Hostinger**, Stream, Convex, RESTful APIs

---

EDUCATION

Bachelor of Technology in Electronics and Telecommunication Engineering

Jabalpur Engineering College, Jabalpur, Madhya Pradesh

Certifications

- The Web Developer Bootcamp 2024 – Colt Steele Udemy
  Jan – Apr 2024
- Artificial Intelligence Builder – MP FITT, IIT Delhi
  Jan – Mar 2024
